A diagram of a handwritten letter 'f'. The main vertical stroke is green, starting from a green dot at the bottom and going upwards. A green arrow points upwards along this stroke. A green loop at the top of the vertical stroke has a green arrow pointing to the right. A horizontal orange stroke crosses the vertical stroke, starting from an orange dot on the left and ending with an orange arrow pointing to the right.

The diagram shows a green curve with several points marked on it. A small orange line segment intersects the curve at one point.

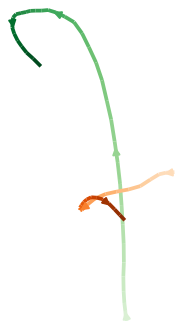

A diagram showing a green curve with an arrow indicating a direction of travel. At a specific point on the curve, an orange tangent line is drawn, and a red dot marks the point of tangency.
